

# Silvia 2023.3

## Release information

In release 2023.3 regular maintenance, bug fixes and small changes has been conducted in Silvia as well.

### **MAINTENANCE, BUG FIXES AND MINOR IMPROVEMENTS**

- ProductDescription has been added to Silvia, a customization for Ponsse machines that replaces ProductVersion.

#### **2023.3.0.1 – Bug fixes and minor improvements**

- New version of FagusForest.SilviCalc added to fix a bug with Yield Simulation in Norway.
- FDI – Inactive deliveries were missing a list of ProductIDs, which could lead to a crash.
